Volunteers of America of Florida
Auxiliary Aids Plan

Upon initial presentation, staff must first ask the individual or companion if they would like an auxiliary aid or service. The customer or companion must complete the Customer or Companion Waiver For Free Interpreter Service form to state whether they would like to receive auxiliary aids and services or not.

If it is a scheduled appointment, you must have a certified interpreter at the time of the scheduled appointment. If the interpreter fails to appear, staff shall take whatever additional actions are necessary to make a certified interpreter available to the customer or companion as soon as possible, but in no case later than two (2) hours after the scheduled appointment, or as convenient to the customer or companion.

If it is a non-scheduled appointment or non-emergency situation, you must provide a certified interpreter within two hours of the request, or at least by the next business day. In emergency situations an interpreter shall be made available as soon as possible, but in no case later than two (2) hours from the time the customer or companion requests an interpreter, whichever is earlier.

If a customer or companion does want an interpreter, the type of interpreter must be determined by asking the customer or companion what the preferred method of communication is.

Non-Scheduled Interpreter Requests - If the situation is not an emergency, staff shall offer to schedule an appointment (and provide an interpreter where necessary for effective communication) as convenient to the customer or companion, but at least by the next business day.

Scheduled Interpreter Requests - For scheduled events, staff shall make a certified interpreter available at the time of the scheduled appointment. If an interpreter fails to appear for the scheduled appointment, staff shall take whatever additional actions are necessary to make a certified interpreter available to the customer or companion who is deaf or hard of hearing as soon as possible, but in no case later than two (2) hours after the scheduled appointment. If the auxiliary aid chosen is found to be ineffective, staff or interpreter must assess for any barriers that may have been present for the customer or companion. If the chosen auxiliary aid is determined to be the problem, it is the task of staff or the interpreter to check all mechanical settings (batteries). If the problem is determined to be with the interpreter, staff will attempt to diagnose any communication barriers. If staff determines that the interpreter is not effective, then staff will be responsible for finding an alternate certified interpreter.

In the event that requested auxiliary aids or service to a customer or companion are denied by one agency, other auxiliary aid or service agencies will be contacted until service is fulfilled. Furthermore, if customers do not want to use an interpreter, the consumer can use an alternative method (ex: pocket talker). The customer/companion will be provided with the preferred method of communication and auxiliary aid services needed.
Volunteers of America of Florida utilizes relay services for external telephone with TTY users. We accept and make calls through a relay service. The state relay service number is:

- 1-800-955-8770 (voice)
- 1-877-955-8773 (Spanish)
- 1-877-955-8707 (French Creole)

Volunteers of America of Florida provides this information in English and Spanish.

Per Volunteers of America of Florida’s Deaf and Hard of Hearing policy, auxiliary aids and services will be documented and filed in the customer’s medical record, which will be held for seven years.

Necessary aids and services will be provided for individuals who are in attendance at meetings, conferences, and seminars. Staff will locate and provide auxiliary aids and services as needed for events.

As part of commencing employment, staff will complete orientation and Hard of Hearing trainings, provided through the Department of Children and Families, within 60 days of hire.

All direct contact staff must complete the Hard of Hearing trainings, available through the Department of Children and Families, annually.

Per Volunteers of America of Florida’s policies and procedures, for customers or companions using sign language as the primary means of communication, the program manager will contact a certified sign language interpreter. This will be done during Volunteers of America of Florida’s normal hours of operations and on a 24/7 basis in case of emergencies.

Policies and Procedures describes in detail how to access the TDD/TTY devices for 24/7 access. For Florida Relay Service, call 711. Volunteers of America of Florida’s requires verification of all interpreter’s certification. The interpreter’s certification will be verified by staff and a copy of the interpreter’s certification will be held in the customer’s medical record.

**Single Points of Contact for State of Florida**

Staff is responsible for contacting the appropriate interpreter on staff to interpret, if one is available and qualified to interpret; or obtaining an outside interpreter if a qualified interpreter on staff is not available. This will be done within Volunteers of America of Florida during normal hours of operation and on a 24/7 basis in cases of emergencies.

Any staff unfamiliar with the Deaf and Hard of Hearing Process needs to contact their Single Point of Contact for their location:

The ADA/504 Coordinator's responsibility is to:
1. Disseminate specific plans and procedures to fully implement this agreement.
2. Analyze data collection collected in the Auxiliary Aid and Service Record and implement any corrective action plan, if warranted.
3. Answer questions and provide appropriate assistance regarding immediate access to and proper use of appropriate auxiliary aids and services.
4. Identify, develop and coordinate the distribution of qualified sign language and/or oral interpreters for the Direct Service Facilities.
5. Keep abreast of new technology and resources for ensuring effective communication with deaf or hard of hearing persons.
6. Cooperate with the Independent Consultant in implementing the terms of the Agreement.
7. Submit a report describing the method for capturing all information required in the Customer Communication Template and Auxiliary Aid and Service Record.
8. Communicate with each Single Point of Contact concerning services to deaf or hard-of-hearing customers or companions.

Training: All employees that are funded by an ME will receive training on how to use the auxiliary aid equipment available at Volunteers of America of Florida.

Monitoring: Annually, the Single Point of Contact (SPOC) for each program will conduct an Auxiliary Aids Monitoring.
**Complaints / Grievances** for the provisions of auxiliary aids: Staff will inform participants of their right to contact the DCF Office of Civil Rights, U.S. Department of Health and Human Services (HHS), and United States Department of Justice (USDOJ) in case of complaints regarding auxiliary aids.

The SPOC for each program will review any and all complaints / grievances regarding the provision of auxiliary aids and the complaints/grievances will be reviewed by the Risk Management Committee.

**Identify the Service Needed:**
First, ask how the individual would like to communicate.
